Examiner's amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Frank L. Cire on Feb. 03 2005.

Please amend the claims 12 and 14 with the following:

12. (Currently amended) A data processing method of compressing a color conversion table for converting input color data to color component data, having a plurality of color component units, said method comprising the steps of:

inputting data of the color conversion table where combinations of plural color component data are arranged by grid points;

sorting the data of the color conversion table so that the data are arranged in according to a sequential ordering of grid point numbers in each color component unit; and

compressing the sorted color conversion table,

wherein the compressed color conversion table is expanded and used in a color conversion process.

14. (Currently amended) A computer program product storing a computer readable medium having computer program code for a data processing method of compressing a color conversion table for converting input image data to color component data, having a plurality of color component units, said product comprising process procedure codes for:

inputting data of the color conversion table where combinations of plural color component data are arranged by grid points;

sorting the data of the color conversion table so that the data are arranged according to a sequential ordering of grid point numbers in each color component unit; and

compressing the sorted color conversion table,

wherein the compressed color conversion table is expanded and used in a color conversion process.
